SAFETY DEPARTMENT MANUAL**

Issue No. 02	Rev. No: 00	Effective Date: 01.11.2019	WI-39(PI-14; AM-8)
Issued By: M.R		Approved By: HOD -SAFETY	
USE OF FIRE EXTINGUISHER			

**Hazards Involved:** Caught in between, Slip & Fall

**Selection of Personal Protective Equipments:** Gloves and Mask.

**Instruction:**

**Follow the PASS Method:**

- P** - **Pull the Pin** at the top of the extinguisher. The pin releases a locking Mechanism and will allow you to discharge the extinguisher.
- A** - **Aim at the base of the fire**, not the flames. This is important - in order to put out the fire, you must extinguish the fuel.
- S** - **Strike the Knob**. This will release the extinguishing agent in the extinguisher.
- S** - **Sweep from side to side**. Using a sweeping motion, move the fire extinguisher back and forth until the fire is completely out. Operate the extinguisher from a safe distance, several feet away, and then move towards the fire once it starts to diminish. Be sure to read the instructions on your fire extinguisher - different fire extinguishers recommend operating them from different distances.  
Remember: Aim at the base of the fire, not at the flames!!!!
