WORK INSTRUICTION FOR SAFETY PRECAUTIONS LINE CLEARANCE SYSTEM			

1. Purpose :

To avoid any accident due to inadvertent starting of equipments.

To put off power supply & to issue line clearance forms whenever any work is to be carried out on any equipment.

2. Scope :

All the equipments of total plant of Dalmia Bharat cement, Ariyalur

3. Responsibility:

Concern Section in-charges / Shift in-charges.

4. Description :

- * If any department required to take maintenance / inspection of any equipment, Electrical department is issuing line clearance. The request will be made by the departments which is requiring line clearance.
- * As per the Format No. DCBL/EM/XX/017 the request will be made for each equipment along with date and time in triplicate.
- * The signatures of the person requested and the electrical in charge will be entered in the form.
- * Then Electrical in-charge will switch off the feeder and will paste one copy (2nd copy ie. Pink colour copy) of the form in the feeder and apply LOTO system.
- * The first copy (white colour) will be given to the requisitioner. Third copy (yellow colour) will remain with electrical department.
- * After completing the work, requested person will return the line clearance form to Electrical Department for 'switching on' the feeder.
- * As per the request electrical in-charge will switch on the feeder.
