Dear Sir,

We thank you for your Inquiry regarding “**Online Permit System**” to develop and setup for 15plants based on to the Ariyalur Plant system:

Scope of this project

1. Create a new permit form design to combine all type of permits.
2. Based on to the permit type selection, we shall hide and show the input fields in UI as well as in Print.
3. When the PA initiate the permits, send the internal notifications to the IA.
4. Sending internal notifications to all responsible users whose are acting in the permits.
5. Provide an option to update the permit info by Super admin in any stage
6. Create a dashboard to show the permit status in chart wise
7. Print the permit info in PDF format.
8. Restrict to create a new permit by user, when the existing permits could not completed in 26hrs.
9. Add “Other” option in the dropdown input fields, to add the custom inputs by user.
10. Actual status of SOA Compliance shall be shown in the separate screen for follow up.
11. Generate a script to taken backup automatically
12. Setup WPRA Checklists.
13. Setup Latitude and Longitudes for each equipment tags in master.
14. Allow isolators to approve the permits only in the latitude and Longitudes range.
