Introduction

This document describes our understanding of the server setup from the discussion with you and given time and cost estimation of each module.   I've enclosed this **Online Permit Server** setup quotation based on **Shree Cements Online Permit System** requirements.

Shree Cements	ESTIMATED COST
Rajasthan	Rs.1,70,000/-

Scope of this work

1. Create a new AWS server account and launch the desktop and mobile app.

2. Setup the app in Play Store and get approval from Google.

3. Create an instance for dev and prod for desktop and mobile app.

4. Server configuration setup is based on to the mail discussion.

5. According to the AWS T&C, they will charge the amount based on to the usage on every month. In case, if it's usage come high, we'll take care the responsibility.

6. **All below mentioned costs are fixed. No negotiable**

7. When purchasing or renewing an AWS account, final cost will be in USD. If you are paying in INR, the local currency will fluctuate based on the USD to INR exchange rate at the time of billing

Dear Sinthanai Sirpi,

We've defined the basic configuration needed to launch the program. Configurations are in **BOLD**. We may enhance or reduce the configuration based on our future demands.

1. AWS EC2

    a. Number of Instances (total for all environments - Dev, QA & Prod) : **Dev, prod**

    b. vCPUs for each instance:**8 core**

    c. Memory for each instance**: 16 GB RAM**

    d. Operating System:**Linux**

    e. EC2 storage type & size for each instance: **gp3 (General Purpose SSD) , 20GB - 100GB** per instance (depends on logs, caching, etc.)

2. Database Size (RDS for MySQL)

    a. Number of nodes (total for all environments - Dev, QA & Prod) : **Dev, Prod**

    b. vCPUs for each node : **Single-AZ**

    c. Memory for each node : **8GB RAM**

    d. Is Proxy required?: **No**

    e. Storage type & size for each node : **io2 (Provisioned IOPS SSD) for high performance**

    f. Backup Storage Size : **Auto-Backups:** Retained for **7-30 days**

Cost Estimation

Cost Per Year

Modules	Estimated Time (days)	Estimated Cost (Rs)
Purchase new AWS Account	3	1,15,000/-
Server Support	-	30,000/-
		1,45,000/-

One Time Payment

Modules	Estimated Time (days)	Estimated Cost (Rs)
Setup Server	5	10,000/-
Mobile app setup in Google Play Store	7	15,000/-
		25,000/-

Terms and conditions

1. This quote is valid for 15 days from the date of Issue.

2. This quote is for UK English site
